CONTENTS

Preface	x
Preface from the 1974 Edition	xiii
Introduction	xv
1. THE CALIFORNIA FLORA	2
The Floristic Provinces	4
Diversity of the Flora	6
Naming Plants: Latin Binomials and Common Names	17
The Meanings of Plant Names	21
A Hierarchy of Classification	28
Naming New Plant Species	31
Rarity and Endemism	34
2. CALIFORNIA'S TOPOGRAPHY, CLIMATE, AND SOILS	40
Topographical Features of California	42
Climate	50
Geology and Soils	58
3. PHYSICAL AND BIOLOGICAL INFLUENCES ON PLANTS	68
Soil and Topography	70
Sun and Wind	72
Effect of Shade	72

Competition for Water and Light	73
Water and Salinity	74
The Presence of Fire	75
Fungi and Bacteria	77
Plant Competition and Allelopathy	79
Herbivory	80
Pollination	80
Seed Dispersal	86
Adaptations to Aridity	88
Reading the Landscape by Indicator Species	93
4. VARIATION OR ECOTYPES OF PLANT SPECIES	96
Climatic Ecotypes	98
Soil Ecotypes	105
5. INTRODUCTION TO CALIFORNIA VEGETATION	110
Vegetation and Flora	112
Concepts of Plant Community and Vegetation	113
A Classification System	115
Ecological Dominance	119
Plant Succession	121
Life Zones	125
6. VEGETATION TYPES IN CISMONTANE CALIFORNIA	000
The Cismontane Region (West of the Sierra Nevada Crest)	000
7. VEGETATION TYPES IN MONTANE AND TRANSMONTANE CALIFORNIA	198
Montane Region (High Mountain Areas)	200

Transmontane Region (Areas East of the Sierra Nevada Crest and the Deserts)	212
8. EVOLUTION OF THE CALIFORNIA FLORA	228
Arcto-Tertiary Geoflora	231
Neotropical Tertiary Geoflora	236
Madro-Tertiary Geoflora	237
Fossil History of Coast Redwood	241
9. EARLY PLANT EXPLORATION AND BOTANY IN CALIFORNIA	246
Early Explorers	248
Early Plant Collectors	252
The First American Explorers	257
Surveys for Railroads	263
Botany in California Since Statehood	265
10. RECENT CHANGES IN CALIFORNIA'S FLORA	270
Climate Change	272
Native American Usage of the Land	273
The Impact of Agriculture and Grazing	276
The Impact of Invasive Weeds	277
Tracking Habitat Destruction and Loss of Species	284
Habitat Restoration	288
Saving Biodiversity: A Call to Action	290
Glossary	297
Supplemental Reading	301
References	303
Art Credits	315
Index of Plant Names	317
General Index	331
